Message from the Guest Editor

Dear Colleagues,

It is our pleasure to announce a Special Issue in *Grasses*, entitled “Feature Papers from Grasses Editorial Board Members”. This Special Issue aims to highlight the various research findings in the field represented by EBMs, as well as the outstanding questions. We believe that it is a good opportunity for other scholars in related fields to increase their knowledge of and select our journal. All EBMs are invited to contribute original research articles or reviews matching the aim and scope of the Journal, which will all be peer-reviewed before acceptance for publication.
