Message from the Guest Editor

Dear colleagues,

This Special Issue series, entitled "Recent Advances in Cardiovascular Medicine", is a compilation of review articles that highlight the latest research findings and advancements in the field of cardiovascular medicine. This series focuses on providing a comprehensive overview of various topics, including diagnostic techniques, therapeutic interventions, and emerging trends in cardiovascular health. By featuring expert reviews, this Special Issue offers valuable insights and critical analyses of the current state of research in cardiovascular medicine.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
